

# Dimitri Linardos

- + EX- SPECIAL FORCES
- + 7 INTERNATIONAL FOREIGN LANGUAGES
- + RISK MANAGEMENT; CRISIS MANAGEMENT AND TRANSITION MANAGEMENT

During his career in the French army and the French special forces, Dimitri Linardos carried out numerous missions in the context of conflicts and major military operations.

Dimitri LINARDOS carried out numerous missions in the context of conflicts and major military operations prior to using his expertise to serve large private operators for designing and implementing security and safety policies, along with risk management throughout the world.

Graduating with an Executive MBA degree from HEC Paris and completing a university degree in linguistic studies and the mastering of 7 foreign languages (French, Greek, English, German, Italian, Serbo-Croatian and Arabic), Dimitri LINARDOS has acute and detailed knowledge of customs and practices in so-called sensitive countries (Bosnia and Herzegovina, Afghanistan, Algeria, Nigeria, Chad, Congo...) The numerous international high tension operations experiences have allowed Dimitri LINARDOS to acquire vast expertise in the field of security, safety, crisis management and management in complex environments. He then used this expertise to the benefit of private multinational firms such as Thalès, Alstom, Anakardo Petroleum Corp by designing policies and safety procedures for the groups while training and accompanying teams in exploring new markets. Dimitri LINARDOS also managed subsidiaries while preserving major financial, commercial and geopolitical stakes in these areas in the world heavily exposed to threats and instability.

In 2016, he joined the ADN Talents team and as such intervenes on behalf of companies and governmental organisations in the field of security and safety of goods and persons in high stake international crisis management, along with training and accompanying policies and risk management. Dimitri is the author of « Business en milieu hostile : la sûreté des entreprises à l'international » (Business in a hostile environment: company safety overseas) by Editions Vuibert publishers(2010), which defines and illustrates in a pragmatic fashion, risk management overseas for companies.
